

# Mini Fast Seal

PREVENTION. PROTECTION. PEACE OF MIND.

## indicative seal

### Versatile Pull-tight Seal With Metal Locking

1. The Mini Fast Seals are etched with permanent laser marking for name, logo, sequential numbers & barcode. Laser marking offers the highest level of security as it cannot be removed and replaced.
2. Heat staking technology is used to permanently fix the cap to the Mini Fast Seal. Heat staking cannot be cut or forced open without leaving clear evidence of tampering.
3. A floating metal clip is securely shielded by a cap, providing great locking strength and security.
4. Durable Nylon or PP securing strap gives the user a choice of strength to match different applications.
5. Color coding is made possible by having a variety of our standard color seals with white based caps.

### Specifications

Product	Material	Locking Length	Strap Diameter	Pull Strength	Marking Area	Max Marking Digits	
Mini Fast Seal	Nylon / Polypropylene	125mm	Ø 1.5mm	13kg 10kg	15mm x 30mm	10	
<b>INNER CARTON</b>				<b>OUTER CARTON</b>			
Quantity	Dimensions	Weight kg/carton	Volume m <sup>3</sup> /carton	Quantity	Dimensions	Weight kg/carton	Volume m <sup>3</sup> /carton
1,000pcs	275mm x 225mm x 155mm	1.96	0.00959	5,000pcs	805mm x 282mm x 240mm	10.40	0.05448
<b>Standard Colours</b> blue, green, red, yellow & white (with white caps only)							

### Slim Indicative Seal

The Mini Fast Seal is a slim, versatile indicative seal that is suitable for tagging purpose.

The Mini Fast Seals are easy to use for all applications with very small sealing facilities e.g. cassettes for ATM machines, money boxes and catering trollies.

Be assured of better security with our innovative use of materials and industrial design.
