

# Mini Tight Seal

PREVENTION. PROTECTION. PEACE OF MIND.

## indicative seal

### Economical Pull-tight Seal

1. The Mini Tight Seal is etched with permanent laser marking for name, logo, sequential numbers & barcode. Laser marking offers the highest level of security as it cannot be removed and replaced.
2. The seal can be removed without a tool. It snaps off when twisted by hand.
3. This low-cost one piece moulded seal is great for tagging purpose.
4. The slim tail makes this seal easy to apply to almost all small applications.

### A Flexible Indicative Seal

The Mini Tight Seal is an ideal indicative seal for all tagging and quick-locking requirements. The seal's thin and flexible strap is perfect for light security applications such as tagging of clothes, plants, fire extinguishers and cable-tie replacements.

Be assured of better security with our innovative use of materials and industrial design.
