

Mega Bolt Lock

PREVENTION. PROTECTION. PEACE OF MIND.

High Security Seal

ISO 17712 "H" Compliant
C-TPAT Compliant

Extra Strong, Angled, Container Bolt Seal

1. The unique long and angled bolt shape, made of fully hardened steel gives the Mega Bolt Lock an extra security feature for transport applications.
2. A specially designed conical shaped bolt seal head to ensure that the seal cannot be cut or removed with a normal bolt cutter.
3. The steel inner bolt has a double-locking chamber for enhanced tamper-resistance.
4. The outer casing is made of high impact non-flammable ABS material to ensure maximum strength.
5. The barrel are etched with permanent laser marking for name, logo, sequential numbers & barcode. Laser marking offers the highest level of security as it cannot be removed and replaced.
6. The Mega Bolt Lock is also available with metal bush.

High Security Container Bolt Seal

The Mega Bolt Lock is a specially designed container bolt seal made of hardened steel. The long angled and the special bolt head design gives the Mega Bolt Lock extra security features for high security transport applications.

Typical applications include containers, lorries, rail wagons, and air cargo.

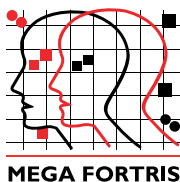

Be assured of better security with our innovative use of materials and industrial design.
