Fast Seal 2K (FS2K)

Back view of the Flap

Indicative Round Stem Pull Tight Seal

Features

- 1 The Fast Seal 2K are etched with permanent laser marking. Laser marking offers the highest level of security as it cannot be removed and replaced without tamper evidence.
- 2 The metal clip lock encapsulated by a cap provides greater security and also pull strength despite the thin and flexible strap.
- 3 Optional- **Biodegradable** additive can be added upon customers' requirement, securing strap gives the user a choice of strength to match different applications.
- 4 Fast Seal 2K comes with double colour coding, is made for using combinations of white-based flap and solid standard coloured body.
