Fast Seal 8" Tear Off (FS)

Versatile Pull-tight Seal with Metal Locking and Tear-Off Feature

A flexible pull-tight seal, the Fast Seal 8" Tear-Off features a metal locking mechanism that provides higher security and sealing capabilities.

The Fast Seal 8" Tear-Off is user-friendly and commonly used for small sealing facilities e.g. cassettes for ATM machines, money boxes and food trolleys on which it is widely utilised. The heat staking technology used in manufacturing the seal ensures it is also highly tamper-evident.

Its eponymous Tear-Off feature allows easy removal once applied, making this a valuable seal to add to goods-in-transit security for improved operation efficiency.

Features

- 1 The Fast Seal 8 Tear-Off is etched with permanent laser marking. Laser marking offers the highest level of security as it cannot be removed and replaced.
- 2 Heat staking technology is used to permanently fix the cap to the seal. Heat staked parts are bonded too strongly to be cut or forced open without leaving clear tamper evidence.
- 3 The metal clip locking provides greater pull strength to the thin and flexible strap.
- 4 Colour coding is made possible by using combinations of white-based seals and multi-coloured caps. A floating metal clip is shielded securely by a cap, providing great locking strength and security.
- 5 The efficient tear-off feature is user-friendly and easy to handle, contributing to the seal's easy application and removal procedures.
- 6 Optional- **Biodegradable** additive can be added upon customers' requirement, securing strap gives the user a choice of strength to match different applications.

Technical Specifications

PRODUCT - FAST SEAL 8" TEAR OFF (FS)

Code	Material	Locking Space	Strap Dimensions	Pull Strength	Marking Area	Max Marking Digits
FS 8-TO	Seal: PP Cap: PP Metal Plate: SUS Grade	281 mm	ø 2.5 mm	15-18 kgs	Flap: 18.0 x 30.0 mm	Serial No: 8 Barcode: 8

INNER CARTON

Carton Quantity	Dimensions	Weight kg/carton	Volume m ³ /carton
1,000 pcs	350 x 225 x 185 mm	2.68	0.01457

OUTER CARTON

Quantity	Dimensions	Weight kg/carton	Volume m ³ /carton
5,000 pcs	950 x 355 x 225 mm	14.02	0.07588
