Indicative Fixed Length Seal · Data Sheet

Mega Arrow Seal (ARW)

Innovative Fixed Length Seal

Features

- The Inspection Window is a unique feature that enables quick and easy visual checking of the locking mechanism, making it more tamper evident.
- The seal comes with anti-slip grips to make sealing easy and quick.
- The seals are etched with permanent laser marking. Laser marking offers the highest level of security as it cannot be removed and replaced.
- Security breaking lines at the snapping point provide easy removal of the seal and prevents a broken seal from being glued or welded together without leaving clear evidence of tampering.
- Optional- **Biodegradable** additive can be added upon customers' requirement, securing strap gives the user a choice of strength to match different applications.
