High Security Seal · Data Sheet

Mega Bolt Lock (MBOL)

Extra Strong, Angled Container Bolt Seal

The Mega Bolt Lock is a specially designed container bolt seal made of hardened steel. The long, angled special bolt head design gives the Mega Bolt Lock extra security features for securing and sealing high security transport applications.

Typical applications of the Mega Bolt Lock seal include containers, lorries, rail wagons and air cargo.

Features

- 1 The unique long and angled bolt is made of fully hardened steel.
- 2 The cone-shaped bolt seal head is designed to ensure that the seal cannot be cut or removed with a normal bolt cutter.
- 3 The Harden Bush inner comes with double-locking mechanism for enhanced tamper resistance.
- 4 The outer casing is made of high-impact ABS to ensure maximum impact resistance.
- 5 The barrel is etched with permanent laser marking for names, logos, sequential numbers and barcodes. Laser marking offers the highest level of security.
- 6 Optional- **Biodegradable** additive can be added upon customers' requirement, securing strap gives the user a choice of strength to match different applications.

Technical Specifications

PRODUCT- MEGA BOLT LOCK

Code	Material	Locking Length	Bolt Diameter	Tensile Strength	Marking Area	Max Marking Digits
MBOL	High-carbon steel pin & bush <i>(Metal bush: Ø22mm x 23mm)</i>	150 mm	Ø 9.5 mm	2,400 kg	Barrel: 20.0 x 10.0 mm	8

OUTER CARTON

	Quantity	Dimensions (mm)	Gross Weight kg	Volume m ³	Standard Colours
Inner Carton	100	300 x 270 x 120 (11.8 x 10.63 x 4.72 in)	13.07 (461.56 lbs)	0.0097 (0.343 cu.ft.)
