

High Security Seal · Data Sheet

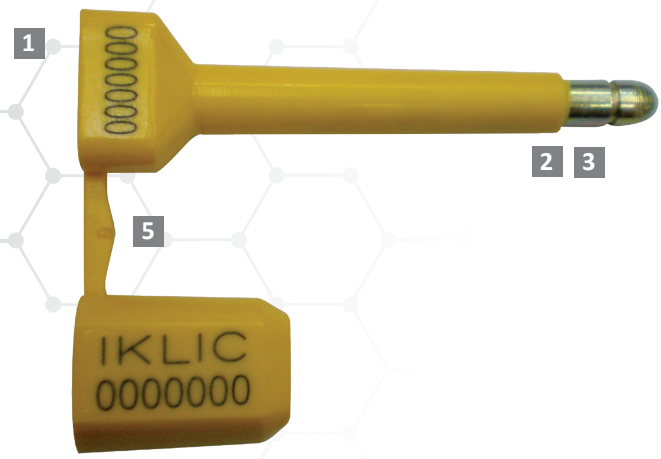

High Security Container Bolt Seal

ISO 17712 "H" Compliant · C-TPAT Compliant

The iKlic is a high quality container bolt seal. Specifically designed to be applied on long haul containers, the iKlic is also winning a strong foothold in the ground transportation industry internationally.

Easily applied by hand, the iKlic is secure and highly tamper-evident, removable only with a high strength bolt cutter after its application.

Other applications of the iKlic seal include securing goods-in-transit through shipping and intermodal containers.

Features

- 1** Laser engraved dual numbering on both the pin and bush prevents parts substitution.
- 2** Moulded with high-impact ABS material that does not break easily but will clearly show evidence of tampering.
- 3** Strong steel pin and solid steel barrel for security.
- 4** Available with a transparent plastic cover that protects the marking on the bolt.
- 5** The pin and bush are joined together for easy handling.

Technical Specifications

PRODUCT

Material	Pin Length	Bolt Diameter	Tensile Strength	Marking Area	Max Marking Digits
Plastic pin and barrel: ABS Pin and bush: Mild steel	70 mm	Ø 9.0 mm	1200 kg/f	Pin: 7.0 x 16.0 mm Bush: 10.0 x 24.0 mm	Serial no: 9

PACKAGING

Quantity	Dimensions (mm)	Gross Weight kg	Volume m ³	Standard Colours
Inner Carton 250	585 x 360 x 200 (23.03 x 14.17 x 7.87 in)	16.8 (37.04 lbs)	0.04212 (1.487 cu.ft.)	<div style="display: flex; gap: 5px;"> <div style="border: 1px solid black; padding: 2px;">WHITE</div> <div style="border: 1px solid black; padding: 2px;">RED</div> <div style="border: 1px solid black; padding: 2px;">YELLOW</div> <div style="border: 1px solid black; padding: 2px;">GREEN</div> <div style="border: 1px solid black; padding: 2px;">BLUE</div> </div>
