

MEGA TWISTER

BARCODE HORIZONTAL

PRODUCT FUNCTIONALITY AND PROSPECTIVE RFID POTENTIAL

The new meter seal encompasses all the functions across the range. The versatile marking flap also has the potential to include RFID capabilities.

EXCELLENT QUALITY

Includes UV Stabiliser of 5-10 years.
“Polycarbonate Sheet UV Stabilized” means protection. It means a product that is 250 times stronger than glass.

COMPETITIVE PRICING

The best seal for the lowest cost in our Mega Twister Range.

IMPROVED DELIVERABILITY

The product is stock manufactured and our delivery times are reduced to an estimated delivery time of 2 weeks.
